MEMORANDUM FOR MR. TOLSON

Yesterday I saw Special Agent in Charge W. Mark Felt, of the Salt Lake City Field Division.

Mr. Felt makes an excellent personal appearance, seems to be enthusiastic, and I would rate him above average, even though he has been an SAC only since last October. I think that within a short while, if he continues to progress in the manner that he has up to the present time, Mr. Felt will be qualified to run one of the larger offices of the service.

I discussed with Mr. Felt the fact that there were a number of classes of investigation in his Field Division in which the delinquency exceeded fifteen per cent and I stated that this should be corrected. I also called to Mr. Felt's attention the fact that I had noted there had been a drop of thirteen per cent in convictions obtained, thirty-eight per cent in fines, savings and recoveries effected, and thirty-one per cent in automobiles recovered during the first nine months of the current fiscal year, as compared with the same period of the previous fiscal year.

Mr. Felt indicated that every effort would be made to try to correct this condition and he believed that by the end of the current fiscal year he would have a record equal to, if not in excess, of that of last year.

I also called Mr. Felt's attention to the fact that I noted there had been a considerable stenographic delinquency in the Salt Lake City Office prior to last November and I hoped that this would not again occur. Mr. Felt indicated that he believed he had the situation well in hand now and there would be no further stenographic delinquency.

I also discussed with Mr. Felt the fact that it had been necessary to write two letters of censure to his field division during the last six months, and that while this was not excessive, I hoped that he would be able to even reduce the necessity for any letters of censure to his office.

I discussed with Mr. Felt the problem facing the Bureau as pertains to the operation of our Resident Agencies and I pointed out, in

Mr. W. Mark Felt

Dear Mr. Felt:

Inspector Buys' evaluation of operations in the Salt Lake City Division reflected a number of favorable findings; however, there were several matters which require your careful attention.

Inspector reported that the office was orderly and well maintained. The conversion of the alarm system to electrical operation should be completed immediately in order to preclude malfunctioning due to battery failures in the future. Physical condition and maintenance was evaluated as very good on an over-all basis.

Investigative operations were rated good. Fugitive cases should receive close attention in order that Bureau deadlines will be met. Your office reported an increase in fugitive apprehensions for the first eight months of the 1957 fiscal year as compared to a similar period of the 1956 fiscal year; however, there were decreases in convictions, automobile recoveries and fines, savings and recoveries. The Inspector reported that you are affording close attention to these matters and that you feel that these statistics will be increased in the months ahead. Every effort must be made to insure that such increases are obtained.

The criminal informant and security informant programs were rated very good. Security informants were found to be productive; also, valuable information is being obtained from criminal informants in Resident Agencies as well as in Headquarters City. It was noted that the number of criminal informants has increased from twenty-seven to thirty-five and potential criminal informants from seventy-two to eighty-three since the last inspection; the number of security

Mr. W. Mark Felt

Informants remains at eleven, the same as during last inspection, and the potential security informants have decreased from eleven to eight. In order that the criminal informant program be kept vital, it is essential that you continue efforts to develop informants; also, a sufficient number of security informants must be maintained to keep your office and the Bureau advised of pertinent developments.

Administrative operations were considered very good. Agent production was above average and stenographic and typing production was very favorable. It was noted that communications costs for the three-month period ending February 28, 1957, decreased from such costs for the preceding three-month period. You should continue to maintain such costs at a minimum consistent with the effective operation of your office. The number of index cards found to be misfiled was higher than average. You should immediately take effective steps to improve the accuracy of the indices.

I was pleased to note that the personnel matters and contact phases of operations in your office were rated excellent. The Inspector reported that all personnel passed the examinations, voluntary overtime was being equitably shared and morale was high.

The results of the inspection have been discussed in detail with you by the Inspector. I hope that the inspection findings will be of assistance to you and the Assistant Special Agent in Charge in your efforts to bring all phases of operations of your office to the highest possible level of efficiency.

Sincerely yours,

John Edgar Hoover

PERSONAL

Dear Mr. Hoover:

W. MARK FELT L. L. HARRIS

Pursuant to your telephonic instructions, I contacted Attorney General Brownell to offer him the assistance and facilities of the Salt Lake City Office should he need them. I told Mr. Brownell that you had personally called me concerning the matter. He was most appreciative of your thoughtfulness.

As it turned out, it was necessary for me to meet Mr. Brownell at the airport to deliver to him the Departmental press release announcing the indictment of [redacted]. The press release was transmitted to this office by Bureau teletype dated May 2, 1957. I was able to deliver the press release to Mr. Brownell before he left the plane, which was fortunate because the press at the airport requested his comment on the matter when he deplaned.

Two items of interest which happened later and which made me very proud should be mentioned. The United States Attorney, [redacted], invited Mr. Brownell to the Federal Building to meet employees of the Justice Department, including the U.S. Attorney's staff, staff of the U. S. Marshal, employees of the Federal Judges, the Immigration Service and the FBI. Mr. Brownell was delayed for almost an hour, and because "quitting time" approached most of the people drifted away before he arrived. All except the FBI employees, of whom there were several Agents and most of the clerical force. As a result, FBI personnel comprised most of the people who were present to meet the Attorney General and hear his brief remarks. I thought it very gratifying that the FBI personnel had the interest and the courtesy to wait for the Attorney General when he was unavoidably detained.

WESTERN STATES CRIME

The annual Western States Crime Conference was held at Salt Lake City on May 13, 14 and 15, 1957. There were 162 officers present from thirteen western states.

The usual business was transacted in addition to discussion of safe burglars to be included in the next transcript, which will be distributed within the next ninety days to those officers who were in attendance. The Salt Lake City Office will receive a copy of this transcript.

Captain [redacted], Oregon State Police, dominated the conference and was unanimously re-elected secretary. Medford, Oregon, was chosen as the next conference site.

Officers in attendance during the course of discussing conference business were extremely complimentary to the FBI, pointing out the advantages of the FBI Fingerprint files, Laboratory facilities and other services.

I spoke to the conference at the opening luncheon meeting on May 13, after which a number of officers expressed their appreciation to me and other Special Agents present for the assistance the FBI has given them in the past.

Crime Conclave Cites Need Of Cooperation

Co-operation between law enforcement agencies is one of the most important weapons in the battle against crime, Special FBI Agent W. Mark Felt declared Monday on the opening day of the Western States Crime Conference.

Some 300 law enforcement officers from 11 western states gathered in Salt Lake for the three-day conference in Newhouse Hotel. Registration began at 8 a.m.

Agent Felt, who has charge of the Salt Lake office of the Federal Bureau of Investigation, spoke on "Cooperation Between Law Enforcement Agencies" at a luncheon meeting in the hotel Bonneville Room.

"Crime rates continue to climb in the West, but so does the rate of detection and conviction," he said. "Part of the success in the battle against crime results from the excellent co-operation between law enforcement agencies."

Governor

Salt Lake Mayor Abel F. Stewart and host Chief of Police W. Cleon Skousen welcomed the out-of-state police officers in the opening session at 9:30 a.m.

Gov. George D. Clyde, because of illness, was unable to welcome the peace officers but a welcome address which he was to have delivered was read by John R. Talmage, administrative aid.

"We are now reaping the harvest of the years when women went to work in war plants and left their youngsters without parental supervision," the governor's message said.

He quoted a recent editorial in the Deseret News in which the upped trend of juvenile delinquency was pointed out.

"It is unfortunately too late to go back and correct the tragic mistakes we made 15 years ago, but we can do something to remedy the situation as it exists," the message said.

Restore Home

He asked for recreational programs and jobs to keep the youngsters busy and that the true meaning of the home be restored.

Walter D. Achuff, acting warden at Utah State Prison and nationally known penologist, will speak at Tuesday's luncheon. Chief Skousen will speak Wednesday.

Officers will compare notes on criminals during the conference's work sessions. Moderators will be Capt. Vayne M. Gurdane, Oregon State Police; Salt Lake Assistant Chief L. R. Greenson and Dick Dunn, Las Vegas police.

The visiting policemen hope to aid each other in apprehending criminals and solving crimes committed by juveniles.

A scenic tour of Salt Lake Valley Wednesday followed by a recital in the temple on Temple Square during the conference.

Officers came from Utah, Idaho, Colorado, Montana, Oregon, California, North and South Dakota, Washington, Nevada, Wyoming and Minnesota.

RECORDED 149

67-276576-210

Mr. Felt has served as SAC at Salt Lake City since October 8, 1956, and his progress has been exceptionally good. The Salt Lake City Office was inspected in April, 1957, and was found to be in very good condition. Investigative operations were rated good; administrative operations, physical condition and maintenance, very good; and personnel matters and contacts, excellent. The Inspector advised that Mr. Felt was a hard worker and ran a tightly supervised office. He had the respect and cooperation of his employees.

The statistical accomplishments of the Salt Lake City Office for the first ten months of fiscal year 1957 compared with a similar period of fiscal year 1956 reflect a decrease of 10% in convictions and 1% in automobiles recovered, an increase of 3% in fugitives located, and an increase of 2% in fines, savings, and recoveries. When the Director talked to Mr. Felt in April, 1957, he pointed out that Salt Lake City was down 13% in convictions, 31% in automobiles recovered, and 38% in fines, savings, and recoveries. It appears obvious that Mr. Felt is doing everything possible to bring this important phase of his office operations up to the desired standard.

The Director noted on April 15, 1957, that Mr. Felt presents an excellent personal appearance, seems to be very enthusiastic, and the Director rated him above average even though Mr. Felt had been an SAC only since

Dear Mr. Felt:

Your letter of June 26, 1957, enclosing a photograph of a painting located in a residence of Bureau fugitives, has been received, and I certainly appreciate your bringing this to my attention. The thoughts of a criminal, despite my many years of association with law enforcement, are oftentimes surprising, and while it is probably not possible, it would be interesting to know the motives that inspired this painting.

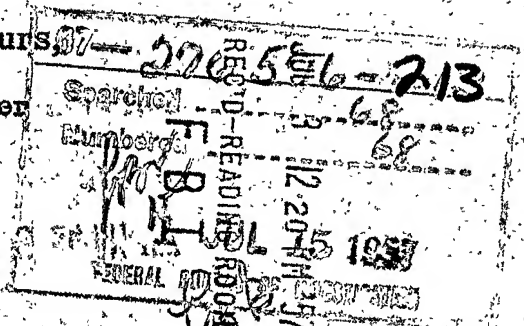

It was thoughtful of you to comment on the situation at Las Vegas, and I do hope that we will not be found lacking in regard to information concerning the gambling element.

Sincerely yours,

J. Edgar Hoover

PERSONAL

Dear Mr. Hoover:

W. Mark Felt

Enclosed is a photograph of an oil painting which was found at the residence of [redacted] Bureau fugitives who were recently apprehended by Bureau Agents and local authorities at Reno, Nevada.

b6
b7C

[redacted] was arrested by Agents and Deputy Sheriffs of the Washoe County Sheriff's Office at [redacted] in Reno. In the house, Deputy Sheriffs located an original oil painting, of which the enclosure is a photograph. The original painting is on professional-type canvas and is approximately two by three feet. The scene depicts burglars "on a job." The first burglar is proceeding down the alley on tiptoe carrying burglar tools in a case with him. In his right hand he holds a "jimmy." The second burglar is wheeling the acetylene tanks, and he is also tiptoeing. The third burglar is posted at the entrance to the alley, presumably as a lookout. While it is somewhat difficult to make out in the enclosure, the original painting clearly shows the lookout to be holding a shotgun or a rifle. The quality of the painting is quite good and it appears to have a professional touch.

b6
b7C

The painting is presently in possession of Washoe County Sheriff Charles W. Young. I have made no attempt to obtain the same because there is a question in my mind as to whether it was legally seized incidental to the arrest. As a result, there may subsequently be a request for its return.

Living with [redacted] was [redacted] a Bureau fugitive who was apprehended with [redacted].

RECEIVED

[redacted] was wanted for unlawful flight to avoid prosecution for burglary. A close associate of [redacted] and [redacted] in Reno was [redacted], a suspected burglar. Neither [redacted], [redacted] nor [redacted] will make any statement concerning the painting. In fact, they refuse to make any statement whatsoever. They even disclaim ownership of the 1957 Mercury automobile which they were driving at the time of their apprehension. This car was loaded with burglar tools, and they realize that to admit ownership would be to invite local charges for the illegal possession of burglar tools.

b6
b7C

I thought this picture might be of interest to you as depicting the distorted sense of values of the criminal mind.

When I was last in Las Vegas, the Undersheriff made a comment which was of interest. He said "movie stars" gave them the most trouble. He specifically mentioned Frank Sinatra and [redacted] as two of the worst. He said when these stars came to Las Vegas they drank heavily and continuously. He said when drunk, they used loud and foul language in the bars and casinos.

b6
b7C

I have instructed Resident Agents to be particularly alert for additional information concerning the Frank Costello - Tropicana Hotel matter.

I will, of course, continue to pass along information on similar matters which I feel will be of interest to you.

Respectfully,

W. MARK FELT

PERSONAL

Dear Mr. Hoover:

The top-level Police Administrators' Conference which we sponsored and which was held in Salt Lake City last week was very successful. The Sheriffs and Police Chiefs were very enthusiastic, and the newspaper publicity was excellent. Detailed information is being sent in by separate memorandum.

I feel the success of the conference in considerable measure was definitely due to the presence of and very excellent address made by Assistant Director C. Lester Trotter.

We want to thank you sincerely for designating Mr. Trotter to attend the conference. I feel you should know that all the Chiefs and Sheriffs commented to me at some length concerning the excellence of his presentation and their appreciation of the Bureau's designating an official of the Bureau to meet with them.

While the Bureau and its Director are extremely well regarded in this area, I feel the presence of Mr. Trotter at the meeting, with the resultant favorable publicity, further enhanced the prestige of the Bureau.

Respectfully,

Mark Felt

On 12/24/57 SAC Felt received an anonymous picture postal card which had been postmarked at Toledo, Ohio 12/21/57. The postal card was addressed in handwriting to "Mark Felt, Regional Director FBI, Continental Bank Building, Salt Lake City, Utah, and bore the following handwritten message:

"Certain public officials sure know how to 'shove the rod.'
I will 'shove the rod' right back at them when I get back
but only in the legal way.

You Know Who."

An extortion investigation was opened by the Salt Lake City Division and it was ascertained that [redacted], FBI # [redacted], a former convict in Utah State Prison, on a [redacted] sentence and more recently an inmate of the Utah State Mental Hospital, had written a similar postal card to the [redacted] former [redacted] and presently [redacted] at [redacted] Utah. Comparison of the handwriting on the two postal cards by the Bureau Laboratory resulted in the conclusion that both were written by the same person.

RECORDED - 151

On [redacted]/57 [redacted] escaped from [redacted] and on [redacted]/57 he visited the Detroit field office and presented a long written "bill of particulars" alleging that his civil rights had been violated while he was in prison. He complained that a hospital attendant had spit on him and other attendants had beaten and kicked him and that while he was in prison he had heard from other convicts that [redacted] had sent him \$160,000 in Government bonds which were never turned over to him. Records at the Utah State Hospital reflected that he was committed there in [redacted] as a mentally unbalanced person while he had been serving his prison sentence which expired on [redacted]/55. A petition for a writ of habeas corpus filed by him in state court in [redacted] was dismissed, at which time his mental condition was described as being schizophrenic and paranoiac. a citizen of Utah authorities of that state have made no effort to have him returned to the state hospital.

The facts of the extortion case involving SAC Felt as victim were presented to an assistant U. S. Attorney at Salt Lake City on 1/3/58. He declined prosecution indicating that in his opinion the postal card did not contain a sufficient threat to constitute a violation of the extortion statute.

Inasmuch as SAC Felt is presently under transfer to the Kansas City Division it is recommended that no further action be taken in this matter.

On January 27, 1958, the Director saw SAC Percy Wyly of the Kansas City Office and discussed with him the case of former SA [redacted] who recently resigned. The Director pointed out that Mr. Wyly had selected this agent as a Resident Agent and he had served as such for almost a year before Mr. Wyly discovered that he did not have the proper qualities. The Director also referred to a similar case in which Mr. Wyly had recommended the removal of another Resident Agent although he had selected the man a year ago and in the interim had found no difficulties but suddenly discovered he is incompetent. The Director stated he felt consideration should be given to transferring SAC Wyly to another division since his three years in Kansas City will be up in May, 1958. Mr. Wyly indicated that he would like to be considered for assignment to some Western office because of the [redacted] condition of [redacted]. The Director told Mr. Wyly that he will be transferred and his request for assignment to a Western office will be borne in mind. It is, therefore, recommended:

I. That SAC Wyly be transferred to Salt Lake City with no change in grade or salary.

SAC Wyly entered on duty 12/2/35, is in grade GS 16, \$13,115 per annum, age 47, married, [redacted], and has an LL. B. degree. He has served in a number of different field divisions as SAC. During the past year he was censured on 7/17/57, 10/15/57, 12/24/57 and 1/30/58. The Kansas City Office has been commended on several occasions for excellent results in recruiting Bureau employees. The last inspection of Kansas City was in October, 1957, when the office was rated good on physical condition and maintenance and personnel matters and very good on investigative and administrative matters and contacts.

SAC Felt entered on duty 1/26/42, is in grade GS 15, \$11,610 per annum, age 44, married, [redacted] and has a BA degree and an LL. B. degree. He has served as SAC at Salt Lake City since 10/8/56, his first office as SAC. He was last censured on 4/1/57 for using a teletype rather than an airtel. On 4/15/57 the Director saw him and advised that he made an excellent personal appearance, seemed to be enthusiastic and was rated above average. The Director thought that within a short while if he continued to progress in the manner that he had up to the present time he would be qualified to run one of the larger offices of the service. An inspection of Salt Lake City in April, 1957, rated the office very good on physical condition and maintenance and administrative operations, good on investigative operations and excellent in personnel matters and contacts. Inspector stated Felt was a hard worker and ran a tightly supervised office, had done an excellent job with contacts and was competently carrying out his duties as SAC. He was commended on 5/7/57 and 5/13/57, and on 7/18/57 the Salt Lake City Office was commended because statistical accomplishments in all categories had increased for the fiscal year 1957.

Dear Mark:

It is with a feeling of sincere regret that we read in The Salt Lake Tribune this morning a notice of your transfer to become Agent in Charge of Kansas City.

During the short period you have been with us, you won a place in our hearts as a sincere friend, a most capable executive in charge of the Federal Bureau of Investigation, and a real gentleman. I assure you that all of us who have known you will miss Mr. W. Mark Felt and our best wishes go to you and your family on your new assignment.

In our newspaper operations you have been most highly cooperative and appreciative of any assistance we might be able to render the Bureau. The piece was very well done, and we are indeed grateful for such items since they serve as a strong deterrent to criminals who might otherwise resist arrest by the FBI.

SALT LAKE CITY, W. MARK FELT & SLOAN
Enclosed is a feature article which appeared in the DESERET NEWS AND TELEGRAM, Salt Lake City, Utah, on 1/23/59. Additional copies of this article have previously been furnished the Bureau.

The feature article in question [redacted] for the DESERET NEWS AND TELEGRAM. [redacted] assigned to cover the "Federal beat." He arranged for the photographs which were taken in connection with the attached article, [redacted] the article on the basis of information which was furnished to him by this office.

[redacted] has been particularly cooperative with the Salt Lake City Office. He has been responsible for this office receiving excellent coverage in connection with releases which have been made from time to time in various Bureau cases. In addition, he has been very alert to discreet suggestions for feature articles reflecting favorably on the Bureau.

The first of these articles was a feature story on bank robberies in the Salt Lake City Field Division. This article cited the number of robberies and emphasized the very high percentage of cases which had been solved. The article was accompanied by a very clever cartoon showing FBI Agents apprehending a bank robber, and the effect on the public in this area was excellent inasmuch as the article appeared within a short time after a bank robbery at Riverton, Utah, near Salt Lake City, which was not solved and is not yet solved.

At a short time ago [redacted] using information which this office made available [redacted] article concerning dangerous fugitives who fled from the State of Utah to avoid prosecution and who were subsequently apprehended by the FBI. This article showed the Bureau in a very favorable light inasmuch as the number of apprehensions was very high and only a few fugitives still at large had been apprehended recently.

If consistent with Bureau policies, I feel a letter of appreciation to [redacted] would be very well received by him. The enclosed article reflects very favorably upon the Bureau, but in addition it will have a very important effect upon the criminal element who read it and may deter them from possible resistance when arrests are made by FBI Agents. My thought was that the Bureau in its letter could thank [redacted] for the preparation of the article, specifically calling attention to its value as a deterrent effect upon criminals.

Handy With Pistol

Firing From Th' Hip Easy For FBI Agents

NELSON WADSWORTH
News Staff Writer

Outlawing outlaws of the West were pretty fast on draw in their day—but they didn't stand a chance in a fight with the law in the 20th century.

Recent tests conducted by the

Federal Bureau of Investigation proved the average agent today can out-draw and out-shoot any "gun-slinger" of the old West. Gun-fighters in days gone by, with their heavy, long-barreled frontier revolvers, could draw and shoot faster than one second.

From The Hip

Most FBI agents can draw and shoot from the hip in less than one second, according to W. Mark Felt, special agent in charge of the FBI office in Salt Lake City.

The FBI has made an extensive study of hundreds of gun battles between law enforcement officers and criminals, Mr. Felt continued. In 90 percent of the cases, the officer had little, if any, warning and the gun battle took place at extreme close range.

So the fast draw at close range became a must in FBI training.

Through constant practice and firearms training, FBI agents have become particularly adept at the quick draw, Agent Felt said. The fastest time on record is six-tenths of a second—from holster to dead man.

Tall Shootin'

Now that's some tall shootin' podner.

To illustrate the speed of hip-shooting, Mr. Felt offered to take this reporter to the Salt Lake City Police Department pistol range on Ensign Flat. There he agreed to demonstrate the speed and deadly accuracy that an FBI agent must acquire in order to qualify for the government's leading investigative branch.

In less than three seconds, Agent Felt drew his pistol and emptied all six bullets into the dead-center of the close-range target.

Training of FBI agents begins at the FBI Academy at Quantico, Va. There they learn quick draw and accuracy.

On Electronic Course

While training in the fast draw, agents actually "duel" with each other on a special electronic pistol course. This course consists of a walkway designed to simulate a narrow alley.

Two targets pop up. The agents draw and shoot. Their bullets short an electrical circuit and the instructor can record which agent fired the first effective shot into the "kill" zone of the target.

Agent Felt, who has charge of FBI agents in Utah and Nevada, said firearms training for agents never stops. In Salt Lake City, agents are required to draw frequently at the local police pistol range. They must also maintain speed with the pump-action shotgun and the Thompson submachine gun.

No wonder Agents are happy to rob bandits in the days of 30-06.

By airtel March 6, 1958, SAC Felt, Kansas City, noted that he is scheduled for two-day conferences at the Seat of Government on April 21 and 22 which were scheduled prior to his transfer to the Kansas City Office. He stated he has received an invitation to address the Twenty-Sixth Annual Conference of Missouri Peace Officers in Springfield, Missouri, on April 21 and 22, and since new in territory feels it would be very desirable for him to attend this conference which is, in effect, the annual state convention. He requests permission to change the dates of his conferences at the Seat of Government.

A check reflects that there are no known commitments for SAC Cornelius at Albany on April 21 and 22. SAC Cornelius is now scheduled to come in for conferences May 12 and 13.

RECOMMENDATION:*Arthur X Cornelius*

That SAC Felt be scheduled to attend conferences at the Seat of Government on May 12 and 13, and that SAC Cornelius be instructed to attend conferences on April 21 and 22.

I am presently scheduled for two day conferences at the Seat of Government on April 21 and 22. These conferences were scheduled prior to my transfer to the Kansas City office.

Today I have received an invitation to address the 26th Annual Conference of Missouri Peace Officers to be held in Springfield, Missouri, on April 21 and 22. Inasmuch as I am new in this territory, I feel it would be very desirable for me to attend this conference which is in effect the annual state convention.

The Bureau is respectfully requested to advise if it would be possible to change my conference dates to permit my accepting this speaking engagement.

SUBJECT: [REDACTED] - FUGITIVE
JOHN HENRY SHERMAN - MURDER VICTIM
ITSMVb6

ReButel 4-12-58.

W. Mark Felt

This case is an outstanding example of Bureau efficiency and teamwork combining to swiftly effect the apprehension of a dangerous and badly wanted fugitive.

Some excellent work was done by Agents assigned to the Buffalo Office to effect the excellent coverage which enabled that office to notify the Kansas City Office while the subject's call from Kansas City, Missouri, to his girl friend was still in progress.

The prompt and immediate response of Agents in the Kansas City Office enabled this office to trace instant call to the Phillips Hotel, and surveillance of the hotel was initiated within approximately 30 minutes from the time information was first received concerning the case.

Surveillance at the hotel immediately established that subject's call, which had been made from room 920, had been completed a short time before. Surveillance also established that subject was not in his room. Surveillance was continued, and subject returned to the hotel at about 11:00 p.m., and was apprehended in the lobby as he attempted to cash a check. The apprehension was effected with an absolute minimum of disturbance in the lobby, and it is not believed that any person, other than the assistant manager who had been interviewed, was aware of the apprehension.

Subject emphatically denied involvement in the murder at Riverside, California. He denied transportation of the Fiat automobile.

While all phases of this investigation were under my personal supervision, I feel that the excellent work of

Agents who participated in the interrogation of the subject with me were: [redacted] and FINIS Y. SIMS.

It is recommended that SA's [redacted], [redacted], and [redacted] receive individual letters of commendation for their prompt response and for their quick, effective action in connection with the apprehension of the subject in the Phillips Hotel, Kansas City, Missouri, on April 11, 1958.

b6
b7C

It is also recommended that SA's [redacted] and FINIS Y. SIMS receive letters of commendation concerning their effective participation in the apprehension of the subject in the lobby of the Phillips Hotel and for the excellence of their interrogation of the subject, which directly resulted in obtaining an oral confession from him despite his earlier denials.

b6
b7C

It is also recommended that the Bureau consider directing a letter of appreciation to [redacted], Hotel Phillips, 12th and Baltimore, Kansas City, Mo., commenting upon the splendid cooperation received from hotel personnel on the night of April 11, 1958, which was extremely helpful in permitting the prompt apprehension of a badly wanted and dangerous fugitive.

I would also like, for the record, to express my personal appreciation for the invaluable assistance rendered to this office by Supervisor JOHN D. POPE at the Seat of Government. Supervisor POPE drove to Bureau headquarters from his home at about 2:00 a.m. so that he could personally review files to furnish this office, which had no previous background data, salient information to use in the interview of the subject. The assistance and guidance of Mr. POPE in furnishing this information, particularly smaller items of discrepancies in the subject's story, very directly contributed to our success in obtaining a confession during the interrogation.

MEMORANDUM FOR MR. TOLSON

On May 13, 1958, I saw Special Agent in Charge W. Mark Felt of the Kansas City Field Division. Mr. Felt has been Special Agent in Charge at Kansas City since March 5th of this year.

Mr. Felt makes an excellent personal appearance.

I told Mr. Felt that I had not been satisfied with the manner in which the Kansas City Field Division had been directed under Mr. Felt's predecessor, Special Agent in Charge Wyly. I stated I noted there had been a drop of 22% in fines, savings, and recoveries and an increase in the cost of operations of 6% for the first nine months of the current fiscal year when compared with a similar period for the previous fiscal year.

I also told Mr. Felt I noted there were 16 letters of censure written to the Kansas City personnel during the last six months and this was excessive and indicated lax supervision upon the part of his predecessor.

I likewise discussed with Mr. Felt the problem facing the Bureau concerning the matter of Resident Agents and I believed the reason we were having so many problems with Resident Agents was due to the fact that men were not being properly screened before being designated as Resident Agents and are many times being left too long as Resident Agents in the various communities to which they were assigned and I expected him to make a careful check of all persons serving as Resident Agents in the Kansas City Field Division to be certain we had no one so assigned who was not a dedicated Agent.

I likewise discussed generally with him the intensification of coverage of the criminal underworld.

I called Mr. Felt's attention to the fact that there had been five violations of the bank robbery statute in the Kansas City Field Division which

MEMORANDUM FOR THE DIRECTOR

RE: SAC W. MARK FELT

I interviewed SAC Felt of the Kansas City Office on May 13, 1958. Mr. Felt is in Washington for Two-Day Conferences. He makes an excellent personal appearance, has a very good personality, and is above average in intelligence. I was impressed with his enthusiasm and apparent drive. He is sincere and really concerned over problems facing the Bureau.

I discussed with Mr. Felt the major cases facing the Bureau today, such as fugitives, bank robberies, jewel thefts, the top hoodlum program, and White House investigations. I stressed the need for our investigations to be penetrative and the need for assuring that our Resident Agents are properly selected and living up to their responsibilities.

Mr. Felt seems to have a firm grasp of his responsibilities as an SAC, and I would rate him an above-average SAC.

Respectfully,

F. C. Holloman

The Bureau is advised that in investigation to locate Fugitive [Redacted], it was ascertained that it was possible he was residing in a remote cabin hideout and that an individual known as [Redacted], also a possible deserter, was residing with him. [Redacted] was allegedly from Oklahoma. A teletype was dispatched to Oklahoma City Office and it was ascertained he was probably identical with [Redacted].

Under the personal on-the-spot supervision of ASAC PAUL H. STODDARD, Deputy Sheriff [Redacted] of Clay County, Missouri, and Special Agents [Redacted] FRANCIS W. EVANS, JR., HENRY W. GOODSON, [Redacted] and [Redacted], participated in the apprehension of these individuals. The cabin was located in a heavily wooded area quite remote from any community and could be observed only for about 75 feet distance. The subjects were taken into custody in the cabin where they were found asleep. A .22 cal. Smith & Wesson revolver fully loaded was located under a pillow of one of the subjects. A .22 cal. loaded rifle was also found nearby. With the many obstacles encountered in the locating of the cabin and in the apprehension of these individuals, they were taken without incident.

INFORMATION CONCERNING

On April 30, 1958, [redacted], attorney, First Security Building, Salt Lake City, Utah, telephonically advised a representative of our Salt Lake City Office that he is representing [redacted] in a civil action for damages against the [redacted]. [redacted] stated that this action which charges [redacted] with libel is based on a report furnished by [redacted] to [redacted] which states that [redacted] was in the Newhouse Hotel, Salt Lake City, around the noon hour on August 5, 1957. [redacted] claims that at that time he was in the FBI field office, Salt Lake City, conferring with Special Agent in Charge W. Mark Felt.

[redacted] indicated that he intended to have Mr. Felt subpoenaed to testify in the civil matter and he desired to know if the records of our Salt Lake City Office reflect that [redacted] was in that office around the noon hour on August 5, 1957. In addition, he desired to know if it would be possible for Mr. Felt to testify and requested any other data which might assist him in this civil action. [redacted] was advised that the records of our Salt Lake City Office are confidential and that prior to their release, it would be necessary to secure the permission of the Attorney General.

The files of our Salt Lake City Office reveal that [redacted] is a [redacted] at [redacted], Utah. On August 5, 1957, he [redacted] and visited our Salt Lake City Office while awaiting [redacted]. He was present in our Salt Lake City Office with Mr. Felt from approximately noon to 12:30 P. M.

This Bureau, of course, does not allow its Agents to testify at civil trials without prior approval of the Department. It is pointed out that Mr. Felt is currently assigned as Special Agent in Charge of our Kansas City, Missouri, Office and, therefore, is not readily available as a witness at the forthcoming civil trial. It is requested that you advise this Bureau what reply should be made to [redacted]. In the event it is concluded that Mr. Felt should not testify, it is requested that you advise what action should be taken in the event he is served with a subpoena. It should be noted that while the question has not been discussed with [redacted], it may be that a deposition from Mr. Felt would suffice.

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

Your letter of September 2, 1958, advising as to the results of the recent inspection of the Salt Lake City Office, has been most helpful to me.

I immediately instituted checks to be sure that the delinquencies noted at Salt Lake City did not exist in the Kansas City Office. I did find that certain office memoranda have been distributed to Agents without prior Bureau approval. This resulted here, as in Salt Lake City, from misinterpretation of Bureau instructions. This error will not recur.

In the Kansas City Office, as was previously done in the Salt Lake City Office, index cards were filed behind the name of the city in Unknown Subject cases, as well as under description. This procedure has apparently been followed in this office for a number of years.

One employee has been assigned full time to the purging of these cards from the indices. In addition, a continuing indices review project is being set up to insure a complete check of the indices within the next twelve months.

I appreciate very much having the opportunity to review the results of the inspection of the Salt Lake City Office and you can be assured of my continued and vigorous efforts to maintain and operate the Kansas City Office in a manner which will be entirely acceptable to you.

I am writing to commend, through you, Assistant Special Agent in Charge Paul H. Stoddard and the agents of the Kansas City Division who participated so ably in the investigation of the Bank Robbery case involving [redacted] and others.

The vigorous and conscientious manner in which each man discharged his individual assignments resulted in the expeditious solution of this case. I am also aware of the devotion to duty in diligently working many long hours demonstrated by all. Reference is made to memorandum, 10/1/58, Mr. M. A. Jones to Mr. Nease, captioned "Participation of Bureau Representatives As Judges in Essay Contests Concerning Controversial Topics, Proposed SAC Letter." Memorandum transmitted proposed SAC Letter advising field that such participation is prohibited. Proposed Manual changes were also submitted. Situation arose out of the acceptance by SAC, Kansas City of an invitation to act as judge in an essay contest on "Prevention of Juvenile Delinquency" sponsored by Kansas Peace Officers Association.

Proposed Manual change as submitted states: Bureau representatives should not participate as judges in essay contests concerning controversial topics." Proposed change for Agents' Handbook says substantially same thing.

Following observations are respectfully submitted: Proposed Manual changes are silent as to (a) oratorical contests, debates, forums and similar gatherings; (b) participation as sponsors, patrons or as keynote or principal speakers. It is believed that rule as placed in Manual should anticipate additional problems that might arise thus preventing them from coming up.

SAC Letter has been processed for transmission to field. Original proposed Manual changes are enclosed.

RECOMMENDATION: It is recommended that Training and Inspection Division be permitted to alter proposed Manual change as follows: "Bureau representatives should not participate without prior Bureau authority as judges, sponsors, or speakers in public contests, debates, forums, and similar gatherings in which the theme of the meeting involves a controversial topic." (If approved, revision for Agents' Handbook will be adjusted along same lines.)

By memo to you dated 8/29/58 [redacted], Assistant Deputy Attorney General, advised that the captioned Committee plans to hold area conferences with the heads of various Federal field establishments in Indianapolis on 10/22/58, in Kansas City on 10/23/58 and in Oklahoma City on 10/24/58. The Committee has requested that a representative from the FBI in each of the three cities be in attendance. [redacted] would like the names of our designees so that he can inform the Committee.

W. Mark Felt

67-78-69

The Committee has held similar conferences in other parts of the country and we have had SACs attend them. The conferences are designed merely to explain the President's policy and program with respect to nondiscrimination in Government employment and the conferees have not been required to furnish any information concerning the employment practices of their respective agencies. It is believed we should have representatives in the cities named attend. Ordinarily SACs are designated; however, SAC Powers, Indianapolis, attended the conference in New York in May, 1958 when he was SAC there and there appears to be no advantage in having him attend again. Accordingly, it is believed the ASAC should attend in Indianapolis with SACs in attendance in other cities. SACs are usually briefed concerning the conferences by telephone. This will be followed as regards Indianapolis and Kansas City. Since SAC Wesley G. Grapp, newly designated SAC at Oklahoma City, will be stopping at SOG enroute to his new assignment from Buffalo, he will be briefed at that time. The SACs will be instructed to keep the Bureau advised of developments.

As a matter of interest to the SACs in Boston and New York who attended such conferences in May, 1958, we forwarded by routing slip to them copies of agenda and summaries of previous conferences along with the names of the Committee's members and it is believed it would be of interest to the SACs in the cities mentioned above that we follow this procedure in this case.

Dear Mr. Hoover:

I have just read portions of the vicious smear article by Fred J. Cook in the October 18th issue of "The Nation." I say "portions" because the article is so nauseating I could not stand any more at the time.

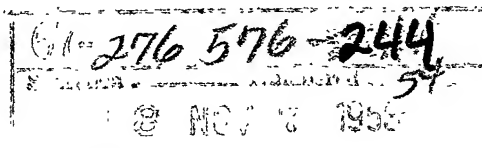

Of course, I am aware of the background of the "New York Post" and we will be alert to report through regular channels any information coming to our attention concerning individuals or organizations who may be connected with this vicious and entirely unwarranted attack.

I did want to let you know that there has apparently been little reaction in the Kansas City area. In the first place, I was unable to obtain copies of "The Nation" on news stands here. Most of the news stands had never heard of the magazine. In the second place, I have received not one inquiry or comment concerning the matter.

I realize that it must be difficult to restrain yourself in the face of such obvious smear tactics. However, I am sure that clear-thinking Americans will not be misled.

Kansas City 6, Missouri

Dear Mr. Felt:

An inspection of the Salt Lake City Office was concluded on August 14, 1958. You were in charge of that office during the greater part of the period covered by the inspection, and I want to call to your attention certain matters for your future guidance.

Results of the inspection have been evaluated by the Bureau and the principal phases of operations were rated as follows: Physical Condition and Maintenance, Personnel Matters, and Contacts - very good; Administrative and Investigative Operations - good.

Although you bear no responsibility for the condition of the new headquarters office space, I am pleased to note that the automobiles and resident agency space were generally in excellent condition, that no fugitive deadlines were missed and that fugitives apprehended increased 10 per cent in fiscal year 1958 over fiscal year 1957.

One substantive error involving delay in reporting the results of an investigation occurred in a case handled during your tenure at Salt Lake City. You were also responsible for preparing and distributing to agents two office memoranda paraphrasing information from an SAC Letter or setting out information of the

type contained in SAC Letters. You failed to submit these to the Bureau for approval as required. In addition, it was discovered that the Chief Clerk's Office was needlessly duplicating index cards and filing the duplicates behind the name of a city, a procedure, which, while not initiated during your tenure, was not detected and corrected by you. These are serious delinquencies.

Informant coverage in both the security and criminal fields, particularly in relation to such important investigations as top hoodlum cases, must be given constant attention. Informant coverage in the Salt Lake City territory was found to be generally satisfactory although I am concerned about the absence of informants inside the Communist Party.

Convictions declined 8 per cent in fiscal year 1958. Communications costs per agent declined 22.61 per cent and the costs of per diem were down 7.14 per cent. Travel costs, however, increased 2.35 per cent. Overtime was found to have been equitably shared and time spent in the office by agents was below the 15 per cent maximum.

You are instructed to be certain that delinquencies such as noted above will not be found in your present office of assignment.

Sincerely yours,

John Edgar Hoover

Crime Rate First Public's Business, FBI Agent Urges

Greater public support of law enforcement agencies in the face of rising crime rates was urged here Thursday by W. Mark Felt of Kansas City, special agent for the Federal Bureau of Investigation.

"The alarming increase in crime trends recently is just as much a threat to our way of life as the international situation," the Idaho native told Rotarians at a luncheon meeting at the Hotel Jayhawk.

W. Mark Felt

FELT, WHO is in charge of FBI operations in Kansas and in 55 counties in the western half of Missouri, said "a greater public awareness of the increasing crime threat" is needed which will in turn lead to greater public support of law enforcement programs.

Most important, he said, is active supported of youth guidance programs. "It is the best way to avoid crimes next year and the year after."

HE POINTED out 53 per cent of all arrests for major violations against property last year was youngsters under 18, according to most recent figures.

Since 1952, he added, the juvenile population (aged 10 to 17) has increased 22 per cent while "arrests of young people in that age bracket increased 55 per cent."

"Most of our teenagers are fine, upright people," he said. "It is only one in 30 who will be arrested next year (at the present rate), but we need the support of the other 29."

Felt, a graduate of Idaho university and George Washington university Law school, joined the FBI in 1942 and has served in nine different bureau fields in all areas of the United States.

Mr. W. Mark Felt
Federal Bureau of Investigation
Kansas City, Missouri

Dear Mr. Felt:

The findings of the recent inspection of your office have been evaluated and the results are set out for your information, guidance, and direction.

The space occupied in headquarters city, as well as in the various resident agencies, was found to be neat, well maintained, and clean. You should caution the personnel about the ventilation opening in the door between the agents' room and the public corridor to avoid outsiders' eavesdropping. There were no delinquencies in the automobiles inspected affecting safety. You should insure that equipment and space are kept in a satisfactory condition at all times, but you must also take every step to keep costly repairs to Bureau cars at a minimum, consistent with efficient and sound operations.

While the gun vault was neat and orderly, you must insure that the weapons are in the proper condition for storage. You also must follow the training of the firearms expert and see that he receives first-aid training immediately. Continue your efforts to have the space occupied by the Chanute Resident Agency renovated.

The increase in statistical accomplishments of your office in all categories is indeed gratifying, and I trust you will endeavor to continue this very favorable trend.

Although the form and substantive errors found in the files were below the field average, every effort must be made to achieve even greater accuracy in the future.

Mr. W. Mark Felt

I note the deadlines missed in investigating and reporting fugitive cases were below the field average; however, the number of missed deadlines in applicant-type cases was above the field average. I insist that the necessity for meeting all deadlines must be continuously stressed to all personnel.

Your Criminal Informant Program is very good. This phase of our operations must be continuously followed by you to insure complete coverage of our responsibilities in all areas of your division. Bank robbery is one of our greatest individual problems today, and you must make certain that the investigations of these violations are pursued with vigorous dispatch and imagination, giving priority to their handling.

Your progress is very good in the Top Hoodlum Program. The activities of these hoodlums must be known at all times in their legal, as well as illegal, fields. Informant coverage of the top hoodlums is of paramount importance.

The Communist Party activity in your division, I know, is limited. While your Security Informant Program is very good, you must maintain sufficient coverage at all times to insure intelligence of activities and contemplated activities of these parasites.

The figures of cases closed in your office are above the field averages for July, August and September. Your stenographic production is favorable, as are your time in office figures for the three-month period checked by the Inspector. These are good trends and efforts must be made to continue them.

Travel and communications costs were down, but you must continue to reduce these costs to an absolute minimum, consistent with sound, efficient operations. Your Chief Clerk's Office was found to be in a highly satisfactory condition. There should be no letdown in this important adjunct of your over-all operations.

You requested three additional agents. The Inspector did not concur with your figure and your manpower situation is being further studied.

Officials contacted by the Inspector were very favorable in their comments concerning you and the Bureau. Good public relations are most important. Judging from the comments made by the individuals whom the Inspector met, you are doing a very good job along these lines, and you should continue your efforts in this regard. Special efforts should be made towards developing SAC Contacts in the larger resident agency cities, as well as in the television and radio fields.

Ratings of your office functions are as follows: physical condition and maintenance - excellent; investigative operations, administrative operations, personnel matters, and contacts - very good.

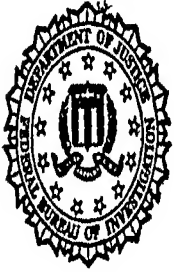

You and the Assistant Special Agent in Charge should be guided by the Inspector's findings and the Bureau should be advised in detail as soon as all deficiencies have been corrected.

Sincerely yours,

John Edgar Hoover

Dear Mr. Felt:

Your letter of October 31, 1958, has been received, and your thoughtfulness in writing is certainly appreciated. I can understand your nausea from the article by Fred Cook in the October 18 issue of "The Nation."

This, of course, is not the first smear which has been directed against us, and I feel sure we undoubtedly will be the target of such attacks in the future. If, however, we continue to perform our duties to the best of our ability, we will maintain the faith and confidence of the vast majority of the American people. REALLOCATION

The purpose of this memorandum is to recommend that SAC W. Mark Felt, Kansas City Office, be reallocated to grade GS-16.

SAC Felt entered on duty on 1/26/42 and is presently in grade GS-15, \$12, 770. He has been in this grade since June 30, 1957, and there are no legal restrictions which would bar his reallocation at this time. He has served as Assistant Special Agent in Charge of the New Orleans and Los Angeles Offices and as Special Agent in Charge of the Salt Lake City Office prior to his assignment to Kansas City as Special Agent in Charge on 3/5/58.

You rated SAC Felt Excellent on his 1958 annual performance rating dated 3/31/58. The Director saw him on 5/13/58 and stated that he made an excellent personal appearance. The last administrative action against him was on 4/1/57 when he was censured for using a teletype in communicating with another field office rather than an airtel or letter. Since that time seven letters of commendation have been directed to him commending him or employees under his supervision for excellent work. **RECORDED - 131**

The Kansas City Office was inspected during November, 1958, and the Inspector commented that SAC Felt made an excellent appearance, was enthusiastic and intensely interested in his work. He had a very firm grasp on office operations and commanded the respect of his associates. The Inspector considered him definitely capable of assuming additional responsibilities. The Kansas City Office was rated EXCELLENT on physical condition and maintenance during the inspection and was rated VERY GOOD in all other categories. Statistical accomplishments for the first five months of fiscal year 1959 as compared to the same period for 1958 reflects that convictions increased from 135 to 152, or plus 13%; fines, savings, and recoveries increased from 324, 364 to 619, 773, or plus 91%; fugitives apprehended

increased from 93 to 118, or plus 27%; and automobiles recovered increased from 236 to 328, or plus 39%.

Latest physical examination report for SAC Felt dated June 12, 1958, reflects that he is six feet tall and weighed 175 pounds. The desirable range for one of his height with a large frame is 169 pounds to 185 pounds.

RECOMMENDATION:

In view of the excellent manner in which SAC Felt has been administering the Kansas City Office as reflected by the recent inspection and the substantial increase in statistical accomplishments in all categories, it is recommended that he be reallocated to grade GS-16, \$14,190 per annum at this time.

Dear Mr. Felt:

I want to take this means to commend you and, through you, the men of the Kansas City Office who participated so competently in the investigation of the Bank Robbery cases involving [redacted] and [redacted].

The solution of these cases is directly attributable to the extremely fine manner in which these men carried out their individual assignments. They displayed unusual resourcefulness and skill and their performances were in keeping with the highest traditions of the Bureau. I want to thank you for the splendid fashion in which you discharged your responsibilities and I want you to convey my appreciation to Assistant Special Agent in Charge Paul H. Stoddard for his effective work in coordinating the investigation and to the participating agents for their excellent services.

RECORDED

Sincerely yours,

J. Edgar Hoover

RECOMMENDATION FOR COMMENDATION

Re Kctels this date.

The Farmers and Merchants Bank of [REDACTED], Missouri, was robbed by two armed bandits on [REDACTED] who escaped with an estimated \$22,000.00. One shot was fired in the bank during the commission of this robbery. Within 90 minutes subjects had been apprehended by a Missouri State Highway Patrolman near Chillicothe, Missouri. Approximately \$3,800.00 was recovered in possession of subjects. Later the subjects took FBI Agents and local officers to a wooded area where approximately \$16,000.00 had been hidden in the brush. Additional search resulted in location of gun and clothing used by the robbers in the commission of the robbery.

Interrogation of the subjects by Agents resulted in obtaining signed confessions from both subjects concerning both captioned robberies.

Both subjects were extremely difficult to interview. Subject [] emphatically denied implication in the [] robbery and subject [] furnished information very reluctantly. Through adroit questioning signed statements were eventually obtained from both subjects concerning the [] bank robbery.

b6
b7C

The interviewing Agents alertly noted the similarity in descriptions of the subjects with the unidentified subjects of the captioned [] robbery. Extensive questioning and the interchange of information by the Agents subsequently resulted in obtaining signed confessions from both subjects concerning the last mentioned robbery.

b6
b7C

In my opinion investigation conducted in the [] case on [] by the Missouri State Highway Patrol and by the FBI Agents was outstanding. By teletype a recommendation has been made for a letter of commendation from the Director to Trooper [] the Missouri State Highway Patrolman who single handedly apprehended the bank robbers during their getaway.

b6
b7C

A letter is being directed by the Kansas City Field Division to the Superintendent of the Missouri State Highway Patrol commending the effective handling of the road blocks by Missouri State Troopers. There is no derogatory information in the files of the Kansas City Field Division concerning any of the participating troopers.

Agents assigned to this investigation performed in an outstanding manner. Not only were Agents able to arrive at the bank robbery scene, a distance of over 100 miles from headquarters city, in time to permit FBI participation in all phases of the investigation, but their very effective interviews of the subjects resulted

KC 67-274

Page 3

not only in obtaining signed confessions in the [] case, but also resulted in the solution of the unsolved [] case.

b6
b7C

While the investigation was supervised on the scene by me, the investigation was coordinated by SA RICHARD H. ASH to whom the case is assigned. Other Agents who participated in all phases of the investigation, including the search for the loot and other evidence, the processing of the interior of the bank, the search and processing of the getaway car and the successful interrogation of the subjects, were [] LEO VERNON EWING, [] ORSON F. MYERS, [] [] FINIS Y. SIMS and [] ASAC PAUL H. STODDARD did a particularly effective job of coordinating the investigation during the time that Agents were en route to the bank robbery scene and thereafter until a late hour at night.

b6
b7C

The solution of two bank robberies is directly attributable to the fine work of these Agents. There is a strong possibility that other robberies may be solved as a result.

It is recommended that a letter of commendation be extended to the Kansas City Office with authority to place copies in the personnel files of the participating Agents indicated.

Dear Mr. Hoover:

My attention has just been directed to the article concerning Allen Dulles and the CIA, which appears in the September issue of "True Magazine."

I wanted you to know that I am extremely incensed and outraged by the ridiculous statements in the text of this article concerning the FBI. I do not know who this man [redacted] is, but I know you will call him to account.

I do not believe there has been any widespread circulation of "True Magazine" in the Kansas City area. I have heard only one comment concerning the article.

Dear Mr. Felt:

I want you to commend the agents of the Kansas City Division who participated so capably in the investigation of the Unlawful Flight to Avoid Prosecution-Burglary case involving Frederick Grant Dunn, a Top Ten fugitive.

In particular, I have in mind the extremely thorough, diligent and dogged search these men made of an area where certain skeletal remains were found. As a result of their efforts, evidence was discovered which positively identified the remains as those of Dunn, thus bringing this matter to a successful conclusion. Please convey my sincere appreciation to these men for their exemplary services.

Sincerely yours,

MEMORANDUM FOR MR. TOLSON

On October 19, 1959, I saw Special Agent in Charge W. Mark Felt of the Kansas City Field Division. Mr. Felt makes an excellent personal appearance.

I discussed with Mr. Felt the fact I noted he had a substantial number of classes of cases with a delinquency in excess of 12%, and I believed that no individual class of cases should exceed 12% in its delinquency and he, Felt, should take steps to bring about an improvement in this particular problem.

I also called Mr. Felt's attention to the fact I noted that the Kansas City Office had dropped 6% in fines, savings, and recoveries; 21% in fugitives located; and 34% in automobiles recovered during the first three months of the current fiscal year when compared with a similar period of the previous fiscal year, and he should give this matter of office accomplishments very special attention.

Mr. Felt informed me that this drop, he believed, had been caused by a misinterpretation of one of our SAC Letters in that he had not reported cases in which statistics had been procured believing it was not necessary to do so until the lapse of 90 days. He stated this matter had now been clarified to him.

I told him quite frankly I did not understand what he was talking about because I did not believe any SAC Letters or instructions were so ambiguous. I believe it would be well to look into instructions issued to see if there is any need for clarification.

I also discussed with Mr. Felt the need for increasing the quality of informant coverage in the Kansas City Field Division:

I also pointed out that the summary on the work of his office indicated there were 16 unsolved violations of the Bank Robbery Statutes and this was a very serious situation and I desired him to give personal attention to this in order to bring about an improvement.

Memorandum for Mr. Tolson

October 21, 1959

I discussed with Mr. Felt the need for very careful scrutiny and supervision of the operations of the Resident Agents in his field division.

I also spoke to Mr. Felt about the recent incident in which there had been an anonymous letter written concerning the operations of the Kansas City Office and he should be alert to identify, if possible, the individual who wrote this letter in view of the fact such action is certainly not conducive to the best morale in a field division.

I stressed to Mr. Felt that it is imperative that the Bureau at all times exert every effort to obtain results in the cases handled by the Bureau as this is the strongest argument for the Bureau to use in obtaining appropriations as well as meeting any critics who might desire to smear the organization.

Very truly yours,

In connection with the Director's interview with SAC W. Mark Felt of the Kansas City Division, the Director pointed out to Mr. Felt that he should give the matter of office accomplishments very special attention. The Director pointed out to Felt that he did not understand what Felt was talking about when Felt gave as an excuse the fact that the drop in accomplishments, he believed, had been caused by a misinterpretation of one of our SAC Letters in that he had not reported cases in which statistics had been procured believing it was not necessary to do so until the lapse of ninety days. The Director pointed out to Mr. Felt that he did not believe any SAC Letters or instructions were so ambiguous.

b6
b7C

The Director's observations are certainly supported by the facts in this case and there is attached hereto an SAC Airtel which was issued on October 7, 1959 to all Special Agents in Charge concerning Bureau accomplishments. It is noted that present instructions are as reflected in Part I, Section 47, A, 10, of the FBI Handbook:

"No reports to Bureau until case completed (closed or waiting for trial) or until 90 days have passed without its being completed unless some special reason exists such as a major case, case with unusual public interest, or other reason making it obvious the Bureau should be advised. Office of origin should use good judgment in deciding what, if anything, should be sent to the Bureau....."

REC-143

Certainly the accomplishments of a field office are of sufficient importance to be reported on a current basis to the Bureau so that the record of attainment in each office may be known to the Bureau on a current basis.

In addition to the above, in talking with Felt concerning the drop in his accomplishments, I personally mentioned to him that it was felt that the accomplishments of an office had to be examined on a

BANK ROBBERY
(KC file 91-2210)

Recommendation for Commendation

At 1:45 p.m., [redacted], this office was telephonically advised of the robbery of the Home State Bank at 6th and Minnesota, Kansas City, Ks., by the switchboard operator of the bank.

b6
b7C

SAS HUBERT K. JOHNSON, [redacted] and [redacted], were instructed to proceed in one car to the vicinity of the bank for the purpose of conducting a neighborhood investigation in an effort to apprehend the subject. At approximately 2:05 p.m., [redacted], the above Agents saw a person meeting the description of subject on the sidewalk near the corner of 5th and Minnesota. This was only 1½ blocks from the bank which had been robbed. At approximately the same time, two officers, [redacted] and [redacted] of the Wyandotte County, Ks., Sheriff's Office, driving a car on 5th Avenue, also spotted this person. As they pulled the Sheriff's car to the curb, the Agents in the Bureau car pulled alongside and officer [redacted] who had stopped this individual on the street, informed the Agents that this was the subject for whom they were looking. They all then proceeded to the Kansas City, Ks., Police Department which was located approximately one block away.

b6
b7C

On questioning the subject, she advised after leaving the bank she had entered a bar through an alley entrance. She had consumed three beers and had then proceeded out to 5th Ave., when she was spotted by the Deputy Sheriffs and Bureau Agents. At the time subject was spotted the only description available of the subject was that she was white, female, age 25 to 27, 5'5", 120 pounds, wearing a cream colored jacket. Subject was actually 42 years of age and was wearing a heavy, off-white colored, jacket or sweater.

BACKGROUND:

Home State Bank, Kansas City, Kansas, robbed by white female on [redacted] Special Agents Hubert K. Johnson, [redacted] and [redacted], while conducting neighborhood investigation observed person meeting description of subject on sidewalk in vicinity of bank. At approximately same time this person was spotted by two officers of Sheriff's Office, Wyandotte County, Kansas. As Bureau car pulled alongside, one of the officers informed agents that this person was the subject.

RECOMMENDATIONS OF SAC:

SAC, Kansas City, recommends letters of commendation to two officers, [redacted] and [redacted] for their alertness in connection with apprehension.

b6
b7C

SAC also recommends letters of commendation to four above-mentioned agents for their alertness in insuring protection of Bureau's interests which resulted in favorable comment.

RECOMMENDATIONS INVESTIGATIVE DIVISION:

Investigative Division concurs in recommendation that two officers be commended. Investigative Division does not recommend that the four agents be given individual letters of commendation since it appears that their actions were not beyond those which would normally be expected of Bureau personnel. Investigative Division, therefore, recommends that general letter of commendation be directed to SAC, Kansas City; copies to be designated to individual personnel files.

LAST INSPECTION: October 19 - November 6, 1958.

EVALUATIONS

(1) PHYSICAL CONDITION AND MAINTENANCE VERY GOOD

Office located U. S. Courthouse Building. Space contiguous, well organized, clean, makes excellent appearance. Lighting, air conditioning and ventilation adequate, but air conditioning vents in doors leading to public corridors require personnel be cautious to forestall eavesdropping. Eighteen of fifty-nine cars inspected; no delinquencies affecting safety. Cost of repairs per car averaged \$93.46 (Bureau average \$115.02) and cost per mile to operate is .05 (Bureau average .061). Chanute, Kansas, Resident Agency needs painting badly. SAC following through General Services Administration. One Agent, recently arrived on transfer, had 1954 In-Service notes in desk. (Rule requires these be destroyed in 90 days. Administrative action handled separately) Necessary housekeeping improvements ordered.

(2) INVESTIGATIVE OPERATIONS FAIR

Case load 10-31-59, 1658(1549 active, 109 inactive). Delinquency 3.7% (field average 7.2%) Internal Security delinquency too high at 25%. 1195 files reviewed (1154 pending, 41 closed). Attorney, failure to cover leads in fugitive case within 30-day period; delayed investigation. (Administrative action handled separately).

Memo to Mr. Tolson
Re: Inspection - Kansas City Office

Seriousness of substantive errors considered in investigative rating. (One supervisor censured, probation and transfer; recommendation pending for removal of second supervisor.) SAC Felt, while not directly responsible, should have detected weaknesses by more adequate spot checks and closer control.

Accomplishments up in two categories in first four months fiscal 1960 as compared with same period fiscal 1959, but down 5% in fugitives and 29% behind in autos recovered. Inspector instructed SAC to push for maximum accomplishments.

Nine bank robberies from 11-1-58 to 11-10-59; eight solved. Nineteen bank burglaries same period, only three solved. (Nine of the nineteen burglaries were attempts where no loot obtained.) Inspector emphatically stressed need to improve unimpressive record in bank burglaries.

Missed applicant deadlines, 2.26% (field average, 5.55%); missed fugitive deadlines, 4.55% (field average, 14.57%); missed civil rights deadlines, 3.22% (field average, 7.17%).

Criminal Informant Program rated very good. Criminal Informants (CIs) increased 3.13% and Potential Criminal Informants (PCIs) increased 34.67% since last inspection. Agent participation and geographic coverage good. As of 11-10-59, Kansas City had one pending Top Hoodlum case. Coverage afforded by three Criminal Informants and one Potential Criminal Informant who are furnishing excellent information.

Communist Party (CP) activity revolves around seven dues-paying members, five of them residing in Kansas City; one is key figure [redacted]. Coverage afforded by three Security Informants and one Confidential Source, same as last inspection. Fifteen persons presently on Security Index; Security Informant Program rated very good.

Nation of Islam (NOI) active in Kansas City. Membership estimated at 30 with many having criminal records. Informant coverage weak, but SAC now has two Agents assigned exclusively to this program.

(3) ADMINISTRATIVE OPERATIONS. VERY GOOD

SAC provides on-the-spot supervision of important matters and personally supervises all major cases. Four supervisory desks justified, work loads equitably distributed. Form errors - 4.35%

Memo to Mr. Tolson
Re: Inspection - Kansas City Office

(field average 7.05%). Average number of cases assigned per agent per month for three month period preceding inspection, 22.1 (field average for same period, 16.8). Average number of cases closed per Agent for same period, 12.1 (field average, 9.2). Voluntary overtime for past three months averaged 2:35 per Agent, (field average same period 2:25). Adjusted time in office three-month period preceding inspection, 9.80% (Bureau maximum, 15%). Communications costs for first four months of fiscal 1960 less than 1% over and travel costs 10.15% over Bureau established base. SAC instructed that costs of operations must be reduced to absolute minimum.

Stenographic production 3.16 pages per hour (field average 3.14); retypes 2.84% (field average 2.74%). Extensive survey made of #3 (Locator) cards to detect irregularities but no patterns noted, and incidence of errors low. SAC instructed to stress accuracy in executing all registers. Operations of Chief Clerk's Office generally satisfactory, except misfiled index cards 0.66% (field average 0.46). Work load in Resident Agencies satisfactory.

(4) PERSONNEL MATTERS VERY GOOD

All available personnel passed examinations. Availability checks satisfactory. Overtime of Agents equitably shared, productive and irregular; no abuses detected. SAC and ASAC both above office average in overtime. Morale very good.

Clerk-Agent ratio as of 11-10-59, 58.2% (79 Agents and 46 clerks). Personnel adequate but not excessive. Kansas City Office met clerical applicant quota during June, July and August, but is falling behind since quota doubled for October and November. Stenographic eligibility list below minimum requirements. SAC instructed to give this matter personal attention. Inspector stressed urgent necessity for recruiting clerical applicants for Seat of Government.

(5) CONTACTS VERY GOOD

Office has 16 SAC Contacts, an increase of 4 since last inspection. All known to SAC and 10 developed by him. During first

Memo to Mr. Tolson
Re: Inspection - Kansas City Office

ten months 1959, Kansas City Office has given 129 speeches compared with 97 in 1958; SAC handled 50 speeches personally, ASAC Dissly handled 13. Speaking program, radio and television coverage, very good. Police training schools and liaison very good. Press relations favorable. SAC very good contact man. Officials contacted expressed very high regard for Bureau, SAC, and Office.

RECOMMENDATIONS:

1. SAC W. Mark Felt, GS16 @ \$14,190 non-veteran, not on probation. SAC at Kansas City since 3/5/58, Felt makes an excellent personal appearance, is loyal, enthusiastic, and commands respect of subordinates. Inspector believes Felt has potential for administrative advancement. No substantive errors detected in cases under Felt's supervision. Inspector stressed to Felt extreme seriousness of substantive errors found concerning failure to promptly confirm in writing prosecutive discussions with U. S. Attorneys. Inspector told Felt he should have made more frequent spot checks to insure this rule was being followed in all instances; Felt agreed and assured he would certainly do so henceforth. As SAC he must share in responsibility for weaknesses of his subordinates. Recommended he be severely censured; if approved, attached letter will so advise him and summarize inspection findings.

2. ASAC Karl W. Dissly, GS-14 @ \$12,315, nonveteran, not on probation. ASAC at Kansas City since 7/6/59. Previously served as ASAC in El Paso Office. SACs in El Paso and Kansas City believe Dissly is SAC material. They both rate him highly. Dissly makes a very good personal appearance, is exceedingly loyal and conscientious. He has a quiet but friendly manner, pleasant personality, is soft spoken yet conveys an impression of self-confidence and displayed firmness in dealing with subordinates. He is alert, industrious, and intelligent. In the Inspector's interview, Dissly manifested a sincere desire to advance to position of SAC and said he felt qualified now to handle a small office. Dissly has served two assignments as an Inspector's Aide, the last in 1958, and he was rated excellent. Inspector feels that Dissly has potential for advancement but that it would be to his and the Bureau's advantage to give him a tour of duty as Field Inspector to further

Dear Mr. Hoover:

This will acknowledge your letter dated December 15, 1959, advising me as to the results of the recent inspection of the Kansas City Office.

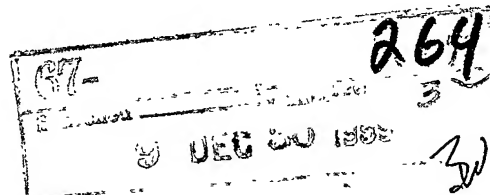

I am extremely concerned that it was necessary for you to take administrative action against me with regard to substantive errors detected during the inspection. I am grateful, however, that the Inspection Division detected these errors before possible embarrassment to the Bureau.

Frequent conferences with agents and supervisors have been held to insure compliance with the rule for confirmation in writing of pertinent discussions with the United States Attorney. I feel our problem resulted from the fact that we have 26 Resident Agents, some of whom are considerable distances from Headquarters City. New office procedures have been initiated to overcome this problem and will result in 100 per cent compliance with Bureau instructions.

As you instructed, I will advise the Bureau in detail concerning the various delinquencies noted and suggestions made by the Inspector. All of those subject to immediate corrections have been taken care of and action has been initiated in all other instances.

Dear Mr. Felt:

I have reviewed the results of the recent inspection of the Kansas City Office. Based on the Inspector's report, the following ratings have been made: investigative operations - fair; physical condition and maintenance, administrative operations, personnel matters, and contacts - very good.

The space occupied by your office, as well as the Resident Agencies, was found to be clean and orderly, except the Chanute, Kansas, Resident Agency which badly needs painting. You should follow this matter closely with the General Services Administration and arrange to have this office redecorated. Continue to caution employees about the ventilation openings in the doors leading to the public corridor to forestall eavesdropping by outsiders. None of the cars inspected had delinquencies affecting safety, and I was pleased to note that the cost of operating and repairing automobiles was below the field-wide average. You should promptly handle the necessary housekeeping improvements ordered by the Inspector.

I am concerned over the fact you are currently behind your relative position of this time last year in two categories of statistical accomplishments. You are behind 5 per cent in fugitives

apprehended and down 29 per cent in automobiles recovered. These unfavorable trends must be reversed. The time to take aggressive, vigorous action is now if you are to achieve the goal of maximum statistical accomplishments for the current fiscal year.

Three of the four substantive errors found by the Inspector involved failure to make prompt confirmation in writing of matters discussed orally with the U. S. Attorney. These errors should not have occurred. I cannot impress upon you too strongly the importance of strict compliance with the Bureau's instructions concerning this matter. Severe administrative action will be considered in every instance of a failure to promptly confirm in writing pertinent discussions with a U. S. Attorney.

Your attention is directed to the case entitled "[redacted] Interstate Transportation of Stolen Motor Vehicle," your file 26-28224, in which a substantive error write-up was prepared. Prosecution in this case was authorized on May 5, 1959, but no written confirmation was furnished to the United States Attorney until submission of a report on June 3, 1959. Although the subject was released on bond shortly following his arraignment, prosecution is still pending. Conceivably, the United States Attorney could blame the FBI's delay in submitting a report as partially responsible for the delay in prosecution; thus the possibility of embarrassment to the Bureau still exists. I want you to personally follow this case very closely, keep the Bureau fully advised as to the status of prosecution, and be particularly alert for any indication of possible criticism of the Bureau for this delay.

I note that although your office has solved eight out of nine bank robberies which occurred in the Kansas City Division during the past calendar year, you have solved only three of nineteen bank burglaries. This highlights the necessity for aggressive investigative action and close supervision. You should closely follow the Inspector's suggestions to improve your unimpressive record in solving bank burglaries.

Your Criminal Informant Program was rated very good, and I was pleased to note the substantial record of accomplishments achieved

through your informants. You should continue to insure that all Agents participate satisfactorily in this most important phase of our operations.

Your over-all Security Informant Program was rated very good, but your coverage of the activities of the Nation of Islam is weak. The Nation of Islam is a very militant group in Kansas City, and you should take immediate steps to develop better informant coverage in this organization.

Although the percentage of form errors in your office, 4.35, is below the field average, I consider this figure still too high. Form errors can be virtually eliminated by close and effective supervision. You and your supervisory staff are expected to provide this type of supervision.

Errors detected in Daily Reports and #3 (Locator) Cards indicate Agents are not affording sufficient attention to the preparation of these records. You must, through additional training and closer supervision, make certain that these records are prepared in a complete and accurate manner.

Operations of the Chief Clerk's Office were found to be generally satisfactory except that the percentage of misfiled index cards was above the field average. Afford this matter your close personal attention.

Your stenographic eligibility list was below minimum requirements and you were behind your quota in recruiting clerical applicants for employment at the Seat of Government. Give these matters your immediate personal attention.

It is gratifying to note that officials contacted during the inspection spoke highly of the Bureau and the Kansas City Office. Your speaking program, radio and television coverage, and press relations are considered very good. I am pleased to note that you have been alert to the need for maintaining good public relations.

Mr. W. Mark Felt

I want you to know I am most displeased with the serious substantive errors detected in your office, particularly the three instances of failure to promptly confirm in writing oral discussion with a U. S. Attorney. Severe administrative action is being taken because of these flagrant violations with respect to the responsible agents and the supervisors who failed to insure proper compliance with Bureau instructions. As Special Agent in Charge, you share in the responsibility for these delinquencies. You are hereby being strongly censured for them and placed on probation.

I shall expect you to take firm, aggressive steps, including adequate spot checks to preclude any such weaknesses in the future. Serious trouble occurred recently in the Los Angeles Division because of similar disregard of the Bureau rule in question and, as you are aware, the Bureau was publicly criticized as a result. I do not intend to permit the Bureau's rules and regulations to be disregarded.

You and the Assistant Special Agent in Charge should carefully study the inspection report and the summary memorandum left with you concerning the work papers, and the Bureau should be advised in detail as soon as all delinquencies have been corrected.

Very truly yours,

John Edgar Hoover
Director

Dear Mr. Felt:

I am taking this opportunity to commend, through you, the personnel in your division who were responsible for the fact that your office exceeded its February, 1960, quota of clerical employees who entered on duty at the Seat of Government.

This accomplishment is indeed noteworthy and a credit to the diligence, enthusiasm and interest with which this important program was handled. The personnel assigned to this matter carried out their responsibilities resourcefully and competently and I want you to convey my appreciation to all who assisted.

Sincerely yours,

J. Edgar Hoover
